Australian Wildlife Conservancy

Directors’ Report

For the year ended 28 February 2014

The directors present their report together with the financial report of Australian Wildlife Conservancy (the Company or AWC) for the financial year ended 28 February 2014 and the auditor’s report on the above reports.

1. Directors

The directors of the Company at any time during or since the end of the financial year are:

<table>
<thead>
<tr>
<th>Name</th>
<th>Age</th>
<th>Experience, qualifications and other directorships</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mr Martin Copley AM Chairperson Non-Executive Director</td>
<td>73</td>
<td>Founder of AWC and Chairman of the Board of Directors since 1995. Martin was a member of the Institute of Chartered Accountants in England and Wales. He was founding chair of the Australian Environmental Grantmakers Network (AEGN) until September 2010 and retired from the AEGN board in August 2011. He was a director of a number of private companies. In 2010, Martin was made a Member of the Order of Australia for service to conservation and the environment. Martin passed away on 30 July 2014.</td>
</tr>
<tr>
<td>Mr Ross Ledger Non-Executive Director</td>
<td>76</td>
<td>Director since 1995. Ross Ledger is a Chartered Accountant and a Fellow of the Australian Institute of Company Directors as well as a director of Perron Group Ltd and a number of private companies. He has had fifty years experience in accounting and business and was a partner of Hendry Rae and Court for 25 years. Ross is a trustee of the Australian Wildlife Conservancy Fund, the Stan Perron Charitable Trust and Spinifex Trust. He is a Senior Sessional Member of the State Administrative Tribunal of WA.</td>
</tr>
<tr>
<td>Professor Timothy Flannery Non-Executive Director</td>
<td>58</td>
<td>2007 Australian of the Year, Professor Tim Flannery has been a director since 1999. He is one of the world’s leading environmental thinkers and writers. Tim is a founding member of the Wentworth Group of Concerned Scientists and was Chairman of the Copenhagen Climate Council from 2007-2010. He is on the Board of WWF International, the Siemens Sustainability Advisory Board, and the Sustainability Advisory Board of Tata Power. From 1999 to 2006, he was director of the South Australian Museum, and is now the Panasonic Professor of Environmental Sustainability at Macquarie University in Sydney. He is one Australia’s leading biodiversity scientists and a recognised authority on climate change. Since February 2011 Tim has been chief commissioner for Australia’s climate commission.</td>
</tr>
<tr>
<td>Mr Graeme Morgan Non-Executive Director</td>
<td>64</td>
<td>Director since 2003. With a background in finance, Graeme was co-founder and Managing Director of Sealcorp Holdings Ltd (Asgard) until it’s sale to St George Bank. He is a director of several private companies and the founder of Wind Over Water, a family Foundation supporting conservation, medical research, the arts and social programmes. His objective is to continue the development of AWC as a leading contributor to the effective conservation of Australia’s fauna and habitats and to reversing the decline of our threatened species. Graeme is a member of the Board Executive, Remuneration and Audit Committees and a Fellow of the Australian Institute of Company Directors.</td>
</tr>
<tr>
<td>Mrs Lea Ferris Non-Executive Director</td>
<td>63</td>
<td>Director since 2005. Lea Ferris BA(Hons) University of California at Los Angeles, MTCP University of Sydney is a sculptor and yoga teacher. She has 11 years experience as a director of Riverside Holdings Pty. Ltd. She is also a qualified urban planner and has a range of skills relevant to the development of AWC's business and community networks.</td>

</tbody>
</table>

4. **Principal Activities**

The principal activities of the Company during the course of the financial year were directed toward the conservation of Australia’s wildlife, particularly threatened species and ecosystems. These activities included:

- the establishment of wildlife sanctuaries including through the acquisition of land and working in partnership with other landholders;
- the implementation of on-ground conservation programs including translocations of threatened wildlife, feral animal control, weed control and fire management;
- the conduct of scientific research addressing the key threats to Australia’s wildlife; and
- the carrying out of public education and visitor programs designed to enhance awareness of conservation issues.

There were no significant changes in the nature of the activities of the Company during the period.

5. **Operating and Financial Review**

**Overview of the Company**

The overall operating surplus for the year was $4,783,420. The surplus was used to increase cash reserves to provide for anticipated expenditure in 2014-15 and beyond. The surplus represents a small decrease of $149,991 compared to 2012-13. The result for the year ended 28 February 2013 reflects a modest increase in donation revenue but decreases in bequests and government grants. However, it should be noted that the levels of bequest income and government grant income are highly variable from year to year.

Our continued, disciplined approach to controlling expenditure and ensuring it is overwhelmingly focused on field operations while keeping administrative and fundraising costs at a minimum, contributed to the strong result.

The Company’s operations during the year enabled the organisation to successfully carry out its principal activities. As a charitable organisation, AWC development programs have raised sufficient funds for the execution of these activities.
**Review of Principal Activities**

Key outcomes from AWC’s operations in 2013-14 included:

- As at 28 February 2014, AWC owned and managed for conservation 23 properties covering more than 3 million hectares (over 7.4 million acres).
- Substantial on-ground programs were delivered at AWC sanctuaries around Australia. For example:
  - From our base at Mornington, AWC delivered fire management (EcoFire) across more than 4 million hectares of the Kimberley in collaboration with a range of other landholders. This is the largest fire management program implemented by any non-government organisation in Australia.
  - AWC continues to manage more fox and cat-free land on mainland Australia and other regions. During 2013/14, AWC commenced construction of a 43 kilometre feral-proof fence at Mt Gibson which will establish the largest fox and cat-free area on mainland Western Australia.
  - AWC implements one of the nation’s largest threatened mammal translocation/reintroduction programs across our sanctuaries including Scotia, Karakamia, Yookamurra, Faure Island and Paruna. In total, AWC has conducted more than 60 mammal translocations.
  - A range of other programs were carried out across AWC sanctuaries including weed control and the establishment and maintenance of sanctuary infrastructure.

- A range of strategic research programs were carried out by AWC. These research programs, involving collaboration with a range of partners, address key issues affecting biodiversity in Australia including:
  - The decline of small mammals in northern Australia.
  - The impact of feral cats and the relationship between foxes, cats and dingos.
  - The effect of different fire regimes.
  - The impact of grazing.
  - The ecology of threatened species including Woylies, Gouldian Finches and Purple-crowned Fairy-wrens.

- Environmental education and visitor programs were carried out at several sanctuaries including Mornington, Karakamia, Paruna and Yookamurra (which hosted a series of school visits).

**Significant Changes in the State of Affairs**

In the opinion of the directors there were no significant changes in the state of affairs of the Company that occurred during the financial year under review.

6. **Dividends**

   The constitution of the Company does not permit the payment of dividends.

7. **Events Subsequent to Reporting Date**

   There has not arisen in the interval between the end of the financial period and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial years.

8. **Likely Developments**

   The Company will continue to pursue its principal activities identified above.

   In the opinion of the directors, further information about likely developments in the operations of the Company and the expected results of those operations in future financial years has not been included in this report because disclosure of the information would be likely to result in unreasonable prejudice to the Company.

9. **Environmental Regulation**

   The Company’s operations are subject to significant environmental regulation under both Commonwealth and State legislation. Based upon the results of inquiries made, the directors are not aware of any significant breaches during the period covered by this report.

10. **Indemnification and Insurance of Officers and Auditors**

    **Indemnification**

    The directors have not included details of the nature of the liabilities covered or the amount of the premium paid in respect of the directors’ and officers’ liability and legal expenses’ insurance contracts, as such disclosure is prohibited under the terms of the contract.
11. Non-Audit Services

During the year KPMG, the Company’s auditor, has performed certain other services in addition to the audit and review of financial statements.

The board has considered the non-audit services provided during the year by the auditor and is satisfied that the provision of those non-audit services during the year by the auditor is compatible with, and did not compromise, the auditor independence requirements of the Corporations Act 2001.

Details of the amounts paid to the auditor of the Company, KPMG, and its network firms for audit and non-audit services provided during the year are set out below.

12. Lead Auditor’s Independence Declaration

The Lead auditor’s independence declaration is set out on page 8 and forms part of the directors’ report for financial year ended 28 February 2014.

This report is made with a resolution of the directors:

Graeme Morgan
Director

Ross Ledger
Director

Dated at Sydney this 27th day of August 2014.
Lead Auditor’s Independence Declaration under Section 307C of the Corporations Act 2001

To: The directors of Australian Wildlife Conservancy

I declare that, to the best of my knowledge and belief, in relation to the audit for the financial year ended 28 February 2014 there have been:

(i) no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and

(ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Mathew Beevers
Partner
Perth
27 August 2014
The concise financial report has been derived from the Company’s full *Annual Financial Report* for the year ended 28 February 2014. The financial statements and specific disclosures included in the concise financial report are either an extract from, or are consistent with, the full *Annual Financial Report*.

The concise financial report cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of Australian Wildlife Conservancy (AWC) as the full *Annual Financial Report*. Therefore the full *Annual Financial Report* is available from AWC, free of charge, on request.
Discussion and Analysis – Statement of Comprehensive income

Trends in Revenue: The overall operating surplus for the year was $4,783,420. The surplus was used to increase cash reserves to provide for anticipated expenditure in 2014-15 and beyond. The surplus represents a small decrease of $149,991 compared to 2012-13. The result for the year ended 28 February 2014 reflects a modest increase in donation revenue but a decrease in bequests and government grants. However, it should be noted that the levels of bequest income and government grant income are highly variable from year to year. Our continued, disciplined approach to controlling expenditure and ensuring it is overwhelmingly focused on field operations while keeping tight control over administrative and fundraising costs, contributed to the result.

Effects of significant economic or other events: There was no material impact to AWC’s operating or financial activities from economic or other events for the year ended 28 February 2014.
Main influences on costs of operations: AWC applies a high proportion of its expenditure towards conservation programs and a low proportion toward administration and fundraising. In the year ended 28 February 2014, AWC continued to consolidate its on-ground operations including fire management, feral animal control, biological surveys and research as well as infrastructure maintenance. AWC has several strategies in place to ensure resources are available to meet future operational costs, including: improving efficiencies; continuing to build its donor base; and developing a long-term investment fund to generate income for operations.

Dividends: AWC is a not-for-profit company limited by guarantee. It has no issued share capital and the constitution of the Company does not permit the payment of dividends.
Australian Wildlife Conservancy

Statements of Changes in Equity
For the year ended 28 February 2014

Discussion and Analysis – Statement of Changes in Equity

Changes in composition of the components in equity: Total equity increased by $4.78 million (the operating surplus) during the year ended 28 February 2014. Despite reduced bequest and government grant revenue for the year, the overall result was strengthened by a modest increase in donation income and our continued, disciplined approach to controlling expenditure.
Australian Wildlife Conservancy
Statement of Financial Position
As at 28 February 2014

Discussion and Analysis – Statement of Financial Position

**Significant movement in value of assets:** The value of the net assets of the company at 28 February 2014 has increased by $4.78 million (the operating surplus for the period) when compared to the net asset value at 28 February 2013. The increase is reflected in other financial assets (term deposits) and is based primarily on a modest increase in donation income despite a decrease in bequest income and government grant income. The decrease in the company’s overall receivables reflects the realisation of proceeds from sale of bequest property from 2012-13, an increase in GST receivables and a modest reduction in trade receivables.

During the period, the company’s investments in listed shares recorded an increase in fair value of $429,804. The reduction in the company’s intangible assets is a consequence of final amortisation during the year.

**Relationship between debt and equity** AWC has no long term debt. Liabilities are limited primarily to employee benefits and trade payables incurred in the ordinary course of business.
Discussion and Analysis – Statement of Cash Flows

**Changes in cash flows from operations:** The small net decrease in Cash Flows from Operating Activities is largely reflection of a reduced operating surplus for the year ended 28 February 2014. The surplus included a modest increase in donation revenue but a reduction in bequests and government grants. However, the overall result was strengthened by our continued, disciplined approach to controlling expenditure.

**Financing of capital expenditure programs:** During the year ended 28 February 2014, there was no capital expenditure for property acquisitions. Capital expenditure for the period included the initial phases of construction of the 43km feral-proof fence at Mt Gibson sanctuary and general improvements to infrastructure and plant and equipment on existing sanctuaries. Acquisition of Other Financial Assets refers to term deposits with maturity terms greater than three months.

**Servicing and repayment of borrowings:** AWC has no borrowings as at 28 February 2014. Cash flows from financing activities in the prior year related only to the lease of office equipment.
1. Reporting Entity
Australian Wildlife Conservancy (the ‘Company’) is a not for profit entity and is a company limited by guarantee and domiciled in Australia. The registered office is at Suite 5, 280 Hay Street, Subiaco, Western Australia. These financial statements of the Company are as at, and for the year ending 28 February 2014.

The Company’s primary purpose is the conservation of Australia’s wildlife, particularly threatened species and ecosystems.

2. Basis of Preparation of concise financial report
(a) Statement of Compliance
The concise financial report has been prepared in accordance with the Corporations Act 2001 and Accounting Standard AASB 1039 Concise Financial Reports (AASB 1039). The financial statements and specific disclosures required by AASB 1039 have been derived from the Company’s full financial report for the year ended 28 February 2014. Other information included in the concise financial report is consistent with the Company’s full financial report. The concise financial report does not, and cannot be expected to, provide as full an understanding of the financial performance, financial position, and financing and investing activities of the Company as the full financial report.

A full description of the accounting policies adopted by the Company may be found in the Company’s full Annual Financial Report.

These accounting policies have been applied consistently to all periods presented in the Company’s full Annual Financial Report.

(b) Basis of Measurement
The financial statements have been prepared on the historical cost basis, except for the following:
- financial instruments at fair value through profit or loss are measured at fair value
The methods used to measure fair values are discussed further in note 4.

(c) Functional Currency
These financial statements are presented in Australian dollars, which is the functional currency of the Company.

(d) Use of Estimates and Judgements
The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are described in the following notes:
- Note 4 – Determination of Fair Values
- Note 14 – Property, Plant and Equipment
- Note 21 – Contingencies

Australian Wildlife Conservancy is a not-for-profit, charitable organisation limited by guarantee and hence has no issued share capital. Each of the thirteen members has guaranteed an amount of $50.

5. Contingencies
Under the terms of the grant agreements between Department of the Environment & Heritage and the Australian Wildlife Conservancy, the Company must seek to:

- Protect the land held at Brooklyn Pastoral Holding for 99 years, with a minimum investment of $750,000 over 5 years from the date of the agreement.
- Protect the land held at Scotia Sanctuary, Newhaven, Mornington, Marion Downs, Kalamurina, Wongalara, Taravale Station, Mt Zero and Pungalina for 99 years under voluntary conservation agreements.

The directors are of the opinion that provisions are not required in respect of these matters. The minimum investment at Brooklyn has already been exceeded.

6. Subsequent Events
There has not arisen in the interval between the end of the financial period and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial years.

KPMG undertakes the annual audit of AWC on a partial-pro bono basis. KPMG undertook the inaugural audit of the Carbon Farming Initiative on a partial-pro bono basis.
Australian Wildlife Conservancy
Directors’ Declaration

In the opinion of the directors of Australian Wildlife Conservancy (‘the Company’), the accompanying concise financial report of the Company for the year ended 28 February 2013 set out in pages 9 to 16:

(a) Has been derived from or is consistent with the full financial report for the year; and

(b) Complies with the Australian Accounting Standard AASB 1039 Concise Financial Reports.

Signed on behalf of the Board of Directors

Graeme Morgan
Director

Ross Ledger
Director

Dated at Sydney this 27th day of August 2014.
Independent auditor’s report to the members of Australian Wildlife Conservancy

Report on the concise financial report

We have audited the accompanying concise financial report of Australian Wildlife Conservancy (the Company) which comprises the statement of financial position as at 28 February 2014, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended and related notes 1 to 7 derived from the audited financial report of the Company for the year ended 28 February 2014 and the discussion and analysis. The concise financial report does not contain all the disclosures required by Australian Accounting Standards and accordingly, reading the concise financial report is not a substitute for reading the audited financial report.

Directors’ responsibility for the concise financial report

The directors of the Company are responsible for the preparation and presentation of the concise financial report in accordance with Australian Accounting Standard AASB 1039 Concise Financial Reports and the Corporations Act 2001 and for such internal control as the directors determine are necessary to enable the preparation of the concise financial report.

Auditor’s responsibility

Our responsibility is to express an opinion on the concise financial report based on our audit procedures which were conducted in accordance with Auditing Standard ASA 810 Engagements to Report on Summary Financial Standards. We have conducted an independent audit in accordance with Australian Auditing Standards of the financial report of Australian Wildlife Conservancy for the year ended 28 February 2014. We expressed an unmodified audit opinion on the financial report in our report dated 27 August 2014. The Australian Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report for the year is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the concise financial report. The procedures selected depend on the auditor’s judgement, including the risk of material misstatement of the concise financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation of the concise financial report in order to design procedures, that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Our procedures included testing that the information in the concise financial report is derived from, and is consistent with, the financial report for the year, and examination on a test basis, of evidence supporting the amounts, discussion and analysis, and other disclosures which were not directly derived from the financial report for the year. These procedures have been undertaken to form an opinion whether, in all material respects, the concise financial report complies with Australian Accounting Standard AASB 1039 Concise Financial Reports and whether the discussion and analysis complies with the requirements laid down in Australian Accounting Standard AASB 1039 Concise Financial Reports.
We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Independence**

In conducting our audit, we have complied with the independence requirements of the **Corporations Act 2001**.

**Auditor’s opinion**

In our opinion, the concise financial report, including the discussion and analysis, of Australian Wildlife Conservancy for the year ended 28 February 2014 complies with Australian Accounting Standard AASB 1039 **Concise Financial Reports**.

Perth

27 August 2014
Australian Wildlife Conservancy
Declaration under the Charitable Fundraising Act 1991 (NSW)

I, Ross Ledger, being a Director of Australian Wildlife Conservancy, declare that the company is the holder of an authority under the Charitable Fundraising Act 1991 (NSW), registration number CFN 18200. All net surpluses obtained from fundraising appeals during the year ended 28 February 2014 were applied to conservation services, scientific research, visitor education programs and their administration.

I further declare that in my opinion:

a) the accounts give a true and fair view of the state of affairs of all the income and expenditure of the organisation with respect to fundraising appeals;

b) the balance sheet gives a true and fair view of the state of affairs with respect to fundraising appeals conducted by the organisation;

c) the provisions of the Act, the regulations under the Act and the conditions attached to the fundraising authority have been complied with by the organisation; and

d) the internal controls exercised by the organisation are appropriate and effective in accounting for all income received and applied by the organisation from any of its fundraising appeals.

Forms of appeals
The forms of fundraising appeals conducted in NSW during the year ended 28 February 2014 were:

- organised functions for supporters by invitation only;
- applications to philanthropic foundations;
- contact with AWC supporters by telephone and in person; and
- donations via workplace ‘giving’ programs.

Comparative Figures and Ratios
The following percentages and ratios are provided for comparative purposes:

i. Total costs of fundraising as a percentage (ratio) of gross income from fundraising was 6.5% ($ 0.87m : $ 13.39m).

ii. Net surplus from fundraising as a percentage (ratio) of gross income from fundraising was 93.5% ($ 12.52m : $ 13.39m).

iii. Total cost of nature conservation services (including capital expenditure) as a percentage (ratio) of total expenditure was 86.0% ($ 13.28m : $ 15.44m).

iv. Total cost of nature conservation services (including capital expenditure) as a percentage (ratio) of total income was 77.4% ($ 13.28m : $ 17.16m).

Information on Traders
No appeals were conducted using the services of traders.

Ross Ledger
Director
